Date Of Birth: 29/10/1999

PROFESSIONAL SUMMARY

Results-driven Web Developer and IT Professional with hands-on experience in designing, building, and maintaining responsive web applications for government and enterprise environments. Proficient in modern frontend technologies including Vue.js, Nuxt, HTML, CSS, and JavaScript, with foundational knowledge in cybersecurity principles. Adept at translating business requirements into technical solutions while ensuring security, performance, and accessibility. Proven ability to collaborate effectively in cross-functional teams and deliver high-quality solutions in fast-paced environments. Strong understanding of information security fundamentals, network infrastructure, and secure development practices.

TECHNICAL SKILLS

Frontend Development:

HTML5, CSS3, JavaScript (ES6+), Vue.js, Nuxt3

Development Tools:

Git, GitHub, Vite, Webpack, NPM, Yarn

Cybersecurity Fundamentals:

CIA Triad, Active Directory, Kali Linux

Methodologies:

SOLID Principles, Agile Development

Frameworks & Libraries:

Tailwind CSS, Bootstrap

Design & Integration:

Figma, REST API Integration

Security Concepts:

Network Security Basics, Vulnerability Assessment

Professional Skills:

Problem-Solving, Team Collaboration, Documentation

PROFESSIONAL EXPERIENCE

Frontend Developer

Ministry of Innovation, Science and Digital Economy | Ekiti State, Nigeria | January 2025 – November 2025

- Developed and maintained modern, responsive user interfaces for public-facing and internal government platforms using Vue.js and Nuxt3, serving thousands of citizens daily
- Collaborated with cross-functional teams including designers, backend developers, and project managers to deliver secure, accessible digital government services aligned with e-governance objectives
- Optimized frontend performance and ensured cross-browser compatibility across multiple platforms, improving page load times by 30% and user experience metrics
- Implemented security best practices in web development, including input validation, secure authentication workflows, and protection against common vulnerabilities (XSS, CSRF)
- Participated in code reviews, debugging sessions, and continuous testing processes to maintain high code quality, system reliability, and security standards
- Contributed to technical documentation and knowledge sharing initiatives within the IT department

EDUCATION

Bachelor of Science in Education (Computer Science)

Ekiti State University, Ado-Ekiti, Ekiti State | 2024

CERTIFICATIONS

- Cisco Certified - Introduction to Cybersecurity
- Fundamental knowledge in cybersecurity principles including CIA Triad, network security, and threat assessment

VOLUNTEER EXPERIENCE

- General Secretary, Jamie Pajoel International, Ekiti State Chapter (2024 – Present)
- Volunteer, Ekiti Innovation Summit (2024)
- Volunteer, DevFest Ekiti (2022)
- Campus Lead, She Code Africa, Ekiti State University (2020 – 2022)
- Facilitator, Facebook Developer Circle Hackathon, Ekiti State University (2021)

KEY COMPETENCIES

- | | |
|------------------------------------|----------------------------------|
| • Responsive & Mobile-First Design | • Information Security Awareness |
| • Component-Based Architecture • | • Cross-Browser Compatibility |
| Version Control & Collaboration • | • Technical Documentation |
| Debugging & Troubleshooting | • Remote Work & Time Management |
